REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest the illumination beam having one of plurality intensity distributions different from each other on a pupil plane of the illumination optical system, and a shaping optical system provided on the optical path in the illumination optical system to shape the plural intensity distributions of which a first one has an increased intensity portion apart from the optical axis relative to a portion of the first intensity distribution on the optical axis, that includes diffraction optical elements of which one is provided on the optical path to shape the first intensity distribution and is exchanged for another one of the diffraction optical elements to shape a second one of the plural intensity distributions different from the first intensity distribution in combination with all the other elements recited in independent claim 55.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
